

RENCE JOSEPH L. MARQUEZ

ABOUT ME

As a current Electronics Engineering student with sufficient background in software development and network configuration, I consider myself to be an introverted person, but remains articulated when expressing opinions. With the given experiences and skills, I aim to contribute effectively and always accept criticism to help myself grow and improve on a personal and professional level.

EDUCATIONAL BACKGROUND

- **University of Santo Tomas | 2023-Present**
BS Electronics Engineering
Sampaloc, Manila
- **Caloocan National Science and Technology High School | 2017-2023**
SHS STEM Track
Congress Road, Caloocan City.

ADDITIONAL BACKGROUND

- **DOST-SEI Scholarship Recipient | 2023-Present**
Merit Scholarship
- **iSKOLAR Recipient | 2023-Present**
Local Area Quarterly Stipend
- **UST CNAG ORGANIZATION MEMBER | 2024-2025**
CISCO Network Academy Gateway Engineering
- **UST NECES Member | 2025-2026**
UST Network of Electronics Engineering

WORK EXPERIENCE

Assistant Research Consultant

SHS Immersion | 2022-2023

- Provides guidance and acts as a mentor to students in formulating their thesis proposals
- Proofreading papers and adding critiques for improvements
- Provides assistance regarding research methodologies (inquiring about the procedures' feasibility)

Music Director

Part-Time | 2024-Present

- Provides adequate feedback regarding the vocal takes during recording
- Suggest improvement regarding the music production

SKILLS

- Programming
 - C++, Python, MATLAB
- Web Development (HTML, CSS)
- Digital Layouting
 - Adobe Photoshop
 - Canva
 - MS Publisher
- CISCO Packet Tracer
 - Ethernet
 - IP Connectivity
 - Security Fundamentals
- Circuit Layout
 - LTSpice
 - TinkerCAD
- Circuit Construction

CERTIFICATION

- CCNA: Introduction to Networks
 - CISCO Network Academy
 - [Verified Badge](#)
- CCNA: Switching, Routing, and Wireless Essentials (CISCO)
 - [Verified Badge](#)

ACADEMIC PROJECTS

- Creating A Power Amplifier
 - Design Specification
 - PCB Construction
